

Quality. Science. Success.

JACKLIN[®]
S E E D

by **Simplot**

THE FINEST GRASS SEED FOR OVER 80 YEARS.

A Legacy of Quality

The high-quality grass seeds of Jacklin® Seed are found in the lushest landscapes and most playable golf courses around the world.

Our legacy of seed success grew from an inventive family farm and the world's best bluegrass. You'll find that same care for quality and innovation in all of our turfgrass varieties.

Jacklin® Seed offers a full line of turfgrass varieties, including:

- Bluegrass - *Poa sp.*
- Ryegrass - *Lolium sp.*
- Bentgrass - *Agrostis sp.*
- Fescue - *Festuca sp.*
- Bermuda grass - *Cynodon dactylon*
- Zoysia grass - *Zoysia sp.*

Backed by the resources and commitment of Simplot, Jacklin® Seed continues to invest in its people and products to deliver the quality seed you can count on for every application.

A TEAM THAT CARES

Who's by your side is just as important as what's under your feet. With Jacklin® Seed, you get a team of well-trained agronomists and customer-service specialists working hard to help you get the most out of the best turfgrass seed available.

The Science of Seed

Jacklin® Seed develops and produces fast-germinating, high-quality grass seeds using the latest seed science and turf agronomy.

Each variety undergoes scientific testing and advanced trials to see if it is worthy of the Jacklin name. Our seed specialists look to adopt the latest seed science in areas such as water conservation, salt tolerance, pest and disease resistance and wear trials. Jacklin® Seed has been awarded several patents for exclusive grasses and continues to make advancements in its turfgrass varieties.

Seeding Success

At Jacklin®, grass seeds are grown for success – your success. Jacklin® Seed offers agronomic advice to ensure the right grass is seeded for every project.

Passing the eye test is the ultimate goal of every Jacklin® Seed variety in any application, including:

- Championship Golf Courses
- Professional Athletic Fields
- High-Performing Sod Farms
- People-Friendly Parks and Playgrounds
- Home Lawns and Landscapes
- Native Wildlife Areas

Choose from Elite, Premium and Classic products in varieties from bluegrass to zoysia grass. Then count on the caring people and quality performance of Jacklin® Seed to work for you.

COVERING THE WORLD

Jacklin® Seed offers a stunning portfolio of warm-season and cool-season grass seed that allows us to cover the world with the best turfgrass varieties anywhere grass grows.
